DOAN'S PILLS

Kidney, Biadder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanae the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness. Irritability, headaches, chilliness and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the musels and joints it causes lumbago, rheumatism, gout or sciatica. This is the time to send Dr. Pierce, Invalids' Hotel, Buffalo, N.
